June and July

Crime Lab Camp: Use the Scientific Method to Solve a "Crime" ~ finger printing, composite sketching, footprint casting, Writing Tips: (Detective Reports) & more.

Nature Journal ~ Artful Science: Have you wanted to do a nature journal and there is simply no time? Enjoy a blend of science, art, literature, writing, & time outdoors. Write a haiku, & other poems.

Rocket Science ~ Take flight with the Bernoulli principle as we study the history and dynamics of flight. Explore the laws of motions as we fire model rockets and conduct our own flight tests with paper airplanes that you make yourself.

Kids~Biz : Grades 4-12 will explore business opportunities, develop simple business plans, and discover easy marketing tips the basics of economics Younger students will make crafts that they can sell at camp or at home.

Each Camp includes:

Critical thinking * Writing skills (grammar too! Shhhh!) *

Study Skill * Communication Skills * Patience ☺
